

Approved Kosher Food Supplier List:
Approved for use at Suburban Jewish Community Center-Bnai Aaron
Updated May 7, 2008 by Rabbi Malik

PLEASE NOTE:

- Asterisk (*) indicates: under the supervision of the Rabbinical Assembly (RA)
- Caterers that do not have RA certification of *kashrut* (kosher status) may be required to provide an on-site *mashgiach* (supervisor) at the synagogue during the time of the event.
- *Kashrut* certification is subject to change. Thus, this list might not be up-to-date at the time you are ready to sign a contract. Do not sign contracts with any caterers, restaurants, or bakeries until you have received written approval from the rabbi. Include a cancellation clause in your contract, in case the caterer is removed from the approval list before your *simcha*.
